

The Big Book of Robots

12 real robots to color, with a quiz on every page.

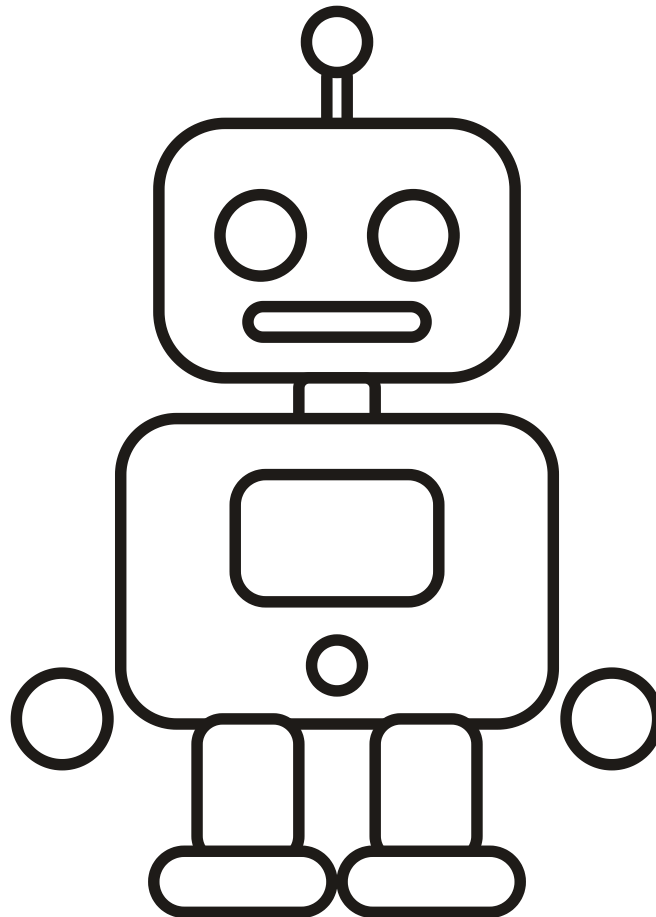

This book belongs to _____

Build robots. Break things. Learn everything.

makers.tinkerwith.me

Humanoid Robot

Did you know?

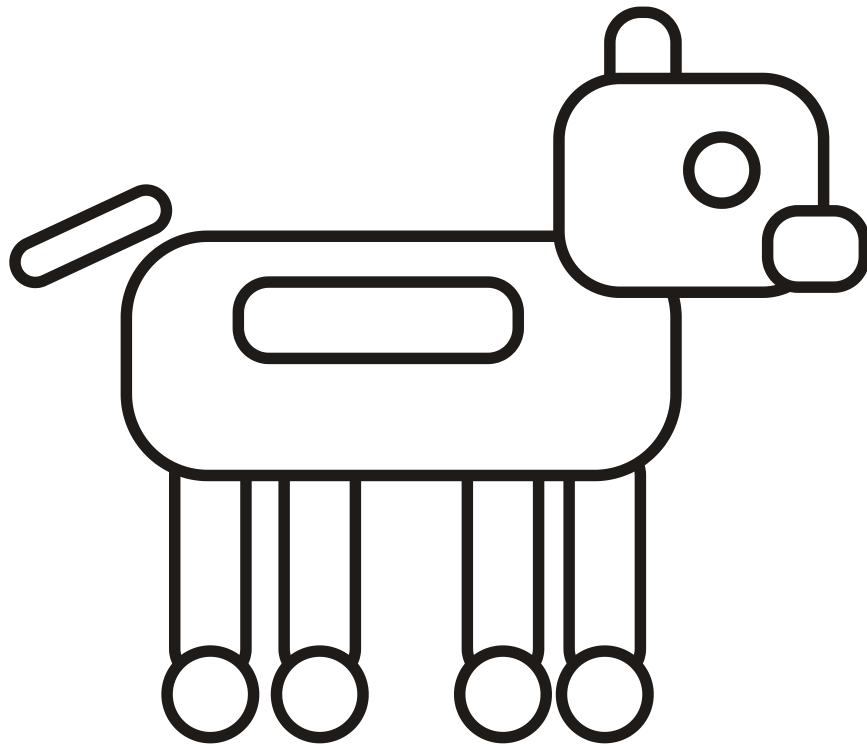

Humanoid robots have two arms and two legs so they can use the same stairs, doors and tools that people do.

Quiz · circle the answer

Why do humanoid robots have legs like people?

- ☐ (A) To walk where people walk
- ☐ (B) To swim super fast
- ☐ (C) To fly over clouds

Robot Dog

Did you know?

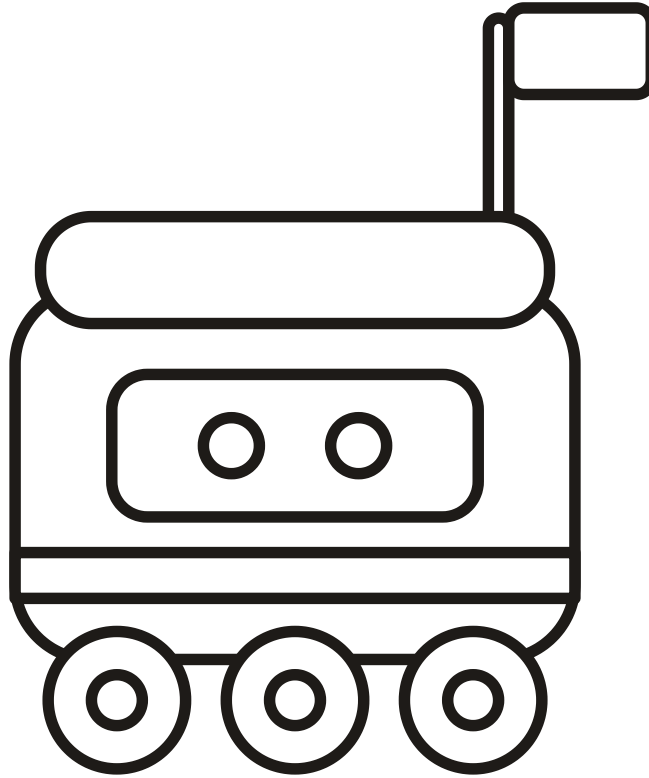

Four-legged robots can climb stairs and cross bumpy ground where wheels would get stuck.

Quiz · circle the answer

How many legs does a robot dog have?

- ☐ (A) Two
- ☐ (B) Four
- ☐ (C) Six

Delivery Robot

Did you know?

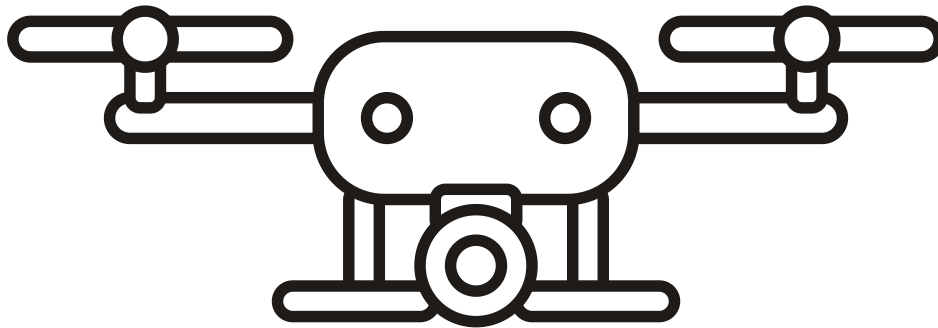

Sidewalk robots roll at walking speed and use cameras to stop for people, pets and puddles.

Quiz · circle the answer

What does a delivery robot carry?

- ☐ (A) Rain clouds
- ☐ (B) Snacks and parcels
- ☐ (C) Elephants

Drone

Did you know?

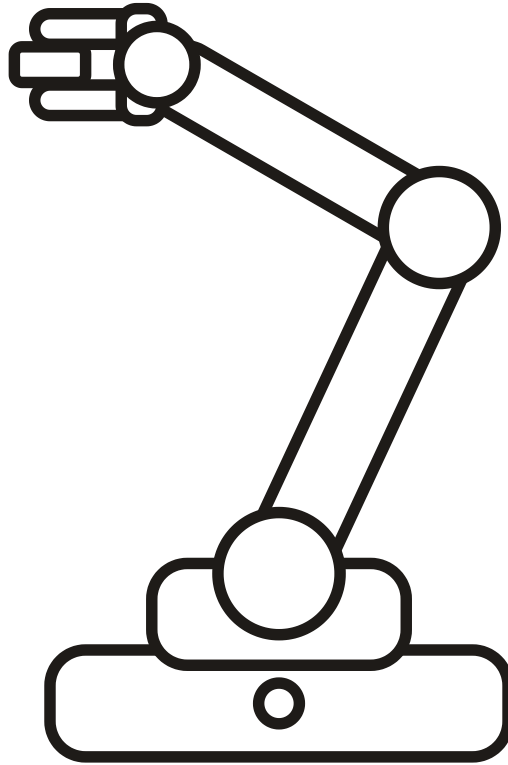

Drones fly by spinning their propellers really fast, pushing air down so they lift up.

Quiz · circle the answer

What helps a drone fly?

- ☐ (A) Wheels
- ☐ (B) Spinning propellers
- ☐ (C) Flippers

Robot Arm

Did you know?

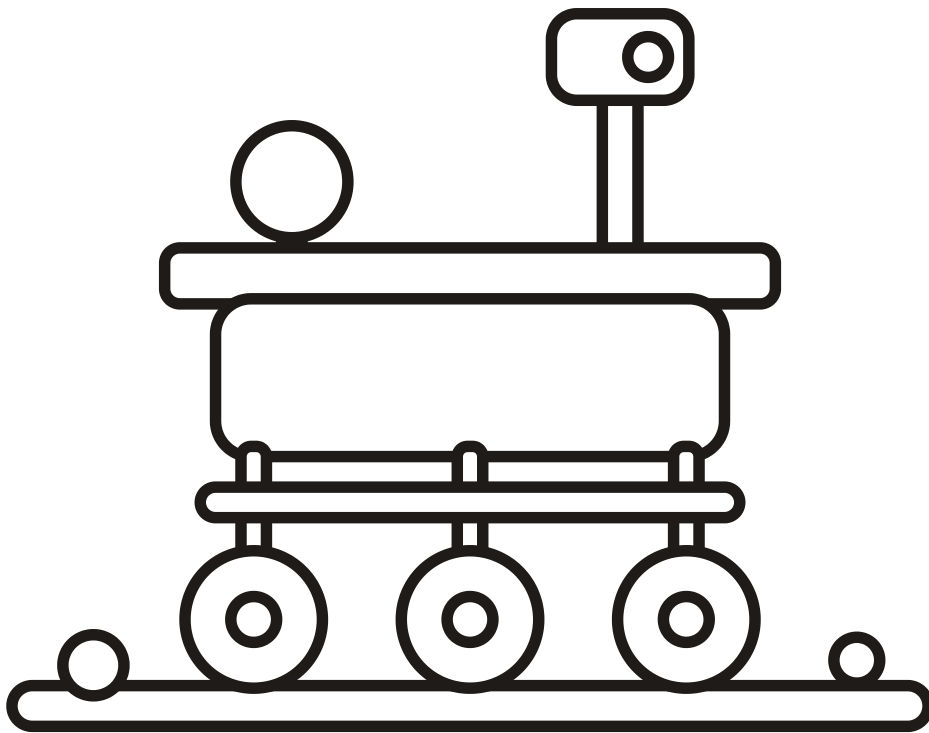

Factory robot arms can lift heavy car parts and repeat the same move thousands of times without getting tired.

Quiz · circle the answer

Where do you often find robot arms at work?

- ☐ (A) In factories
- ☐ (B) Deep in the ocean
- ☐ (C) Up in the clouds

Mars Rover

Did you know?

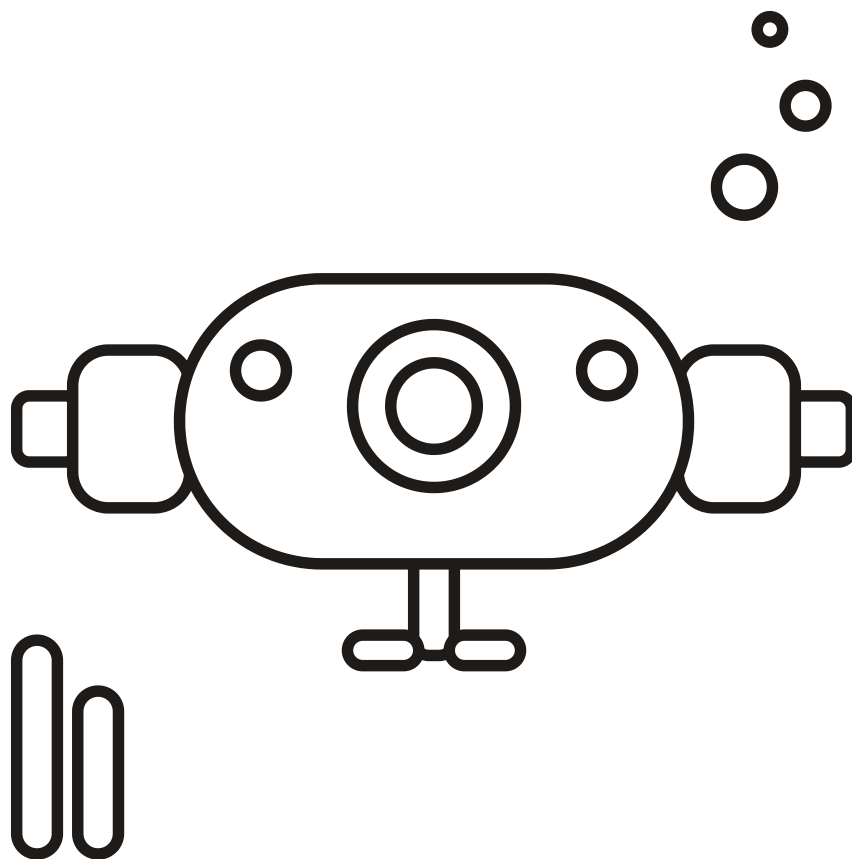

Messages from Earth can take up to about 20 minutes to reach Mars, so rovers make some choices on their own.

Quiz · circle the answer

Which planet do rovers like Perseverance explore?

- ☐ (A) Jupiter
- ☐ (B) The Sun
- ☐ (C) Mars

Underwater Robot

Did you know?

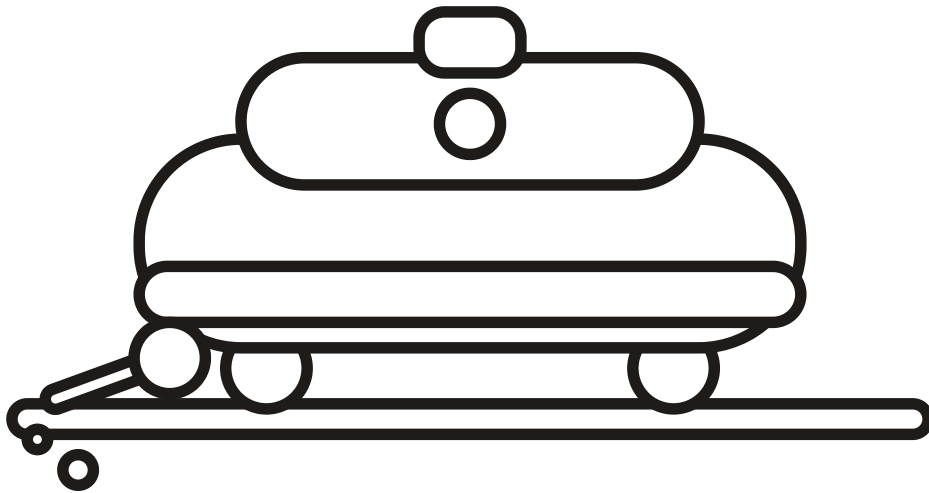

Underwater robots dive deeper than any person can, using bright lights and cameras to see in the dark sea.

Quiz · circle the answer

What do underwater robots use to see in the dark?

- ☐ (A) Sunglasses
- ☐ (B) Lights and cameras
- ☐ (C) Candles

Robot Vacuum

Did you know?

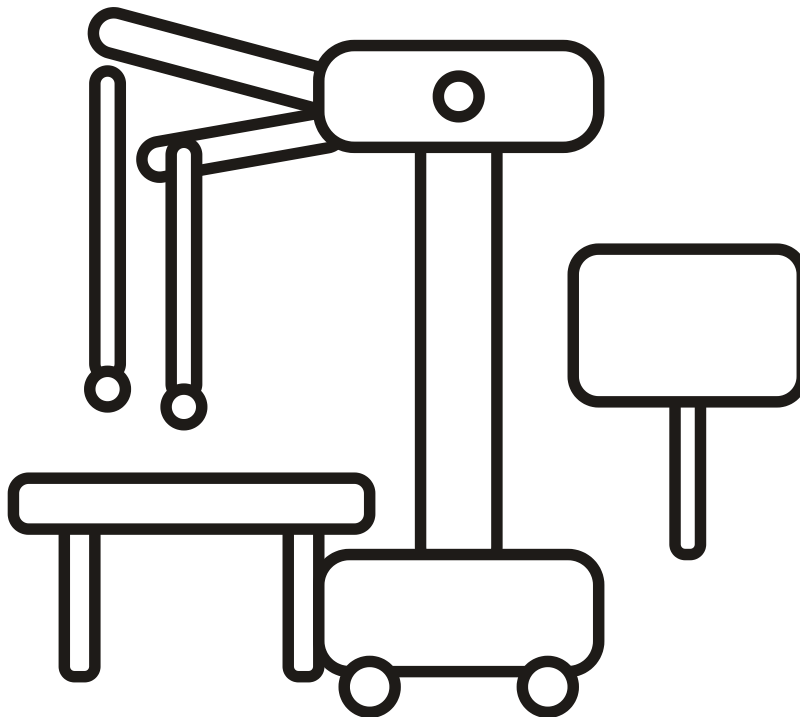

Robot vacuums use bump sensors and cliff sensors so they turn around before falling down the stairs.

Quiz · circle the answer

What does a robot vacuum clean up?

- ☐ (A) The sky
- ☐ (B) Your homework
- ☐ (C) Crumbs and dust

Surgical Robot

Did you know?

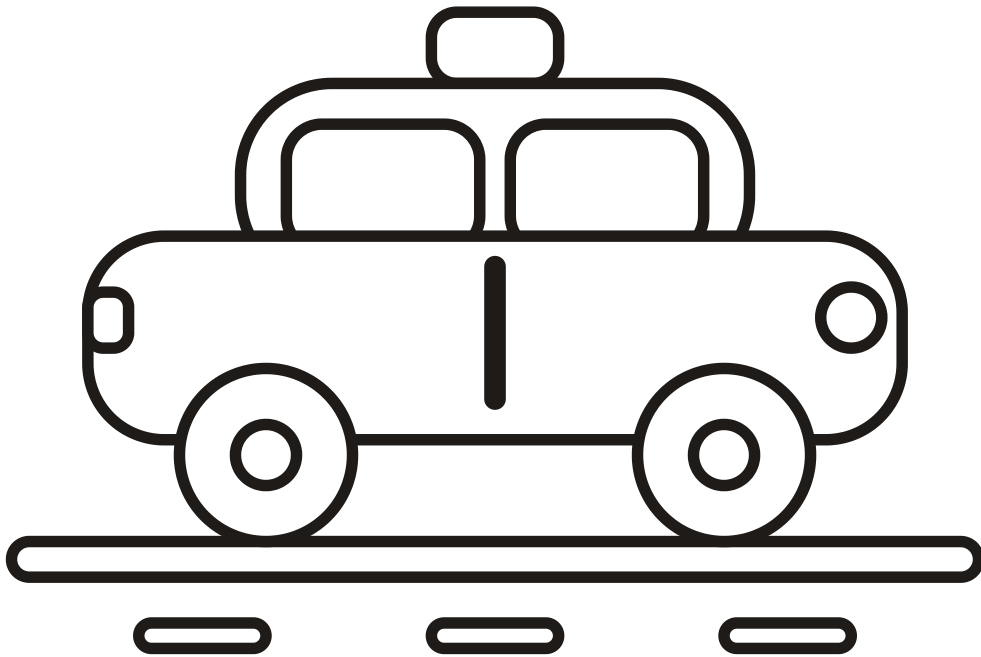

A doctor always controls a surgical robot. Its steady arms help make moves smaller than a grain of rice.

Quiz · circle the answer

Who controls a surgical robot?

- ☐ (A) A cat
- ☐ (B) A doctor
- ☐ (C) Nobody

Self-Driving Car

Did you know?

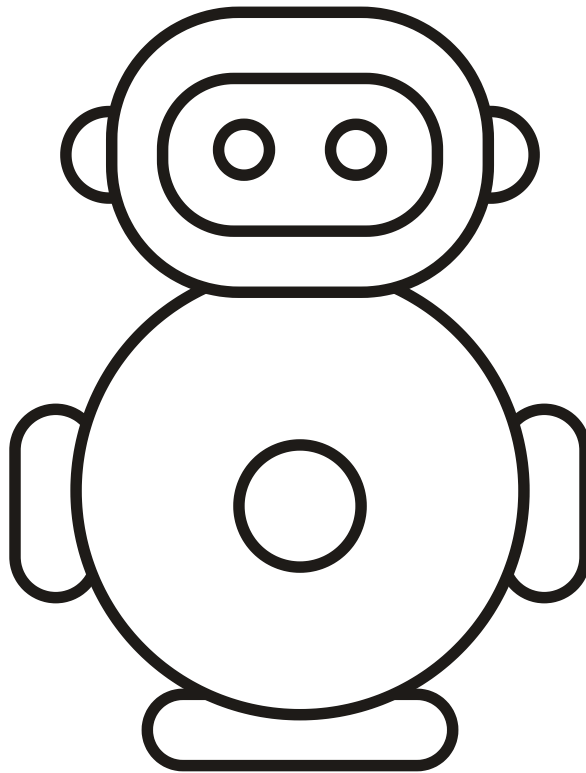

Self-driving cars use cameras, radar and laser sensors to spot lanes, signs and people crossing the street.

Quiz · circle the answer

What helps a self-driving car see the road?

- ☐ (A) A magnifying glass
- ☐ (B) Sensors and cameras
- ☐ (C) Its horn

Companion Robot

Did you know?

Companion robots can chat, play games and remind someone to drink water or take a walk.

Quiz · circle the answer

What can a companion robot do?

- ☐ (A) Tell stories and play games
- ☐ (B) Lay eggs
- ☐ (C) Grow leaves

Warehouse Robot

Did you know?

Warehouse robots lift whole shelves and bring them to the people who pack your orders.

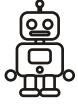

Quiz · circle the answer

What does a warehouse robot carry?

- ☐ (A) Fish
- ☐ (B) Clouds
- ☐ (C) Shelves of boxes

Match the robot to its job

Draw a line from each robot to the job it does.

Humanoid Robot

● A Builds cars in factories

Robot Dog

● B Drives people around

Delivery Robot

● C Uses tools like a person

Drone

● D Cleans up crumbs

Robot Arm

● E Brings snacks to your door

Mars Rover

● F Moves shelves of boxes

Underwater Robot

● G Explores another planet

Robot Vacuum

● H Walks over rocks and stairs

Surgical Robot

● I Tells stories and plays games

Self-Driving Car

● J Takes photos from the sky

Companion Robot

● K Helps doctors operate

Warehouse Robot

● L Studies coral reefs

True or false?

Circle T if it's true. Circle F if it's false.

1 A robot dog has four legs.

☒ T ☐ F

2 Drones fly using spinning propellers.

☒ T ☐ F

3 Mars rovers explore oceans on the Moon.

☒ T ☐ F

4 A surgical robot works with no doctor at all.

☒ T ☐ F

5 Robot vacuums have sensors so they don't fall down stairs.

☒ T ☐ F

6 Underwater robots can dive deeper than people.

☒ T ☐ F

7 Delivery robots zoom down the sidewalk faster than cars.

☒ T ☐ F

8 Factory robot arms get tired after one hour.

☒ T ☐ F

9 Self-driving cars use cameras to see the road.

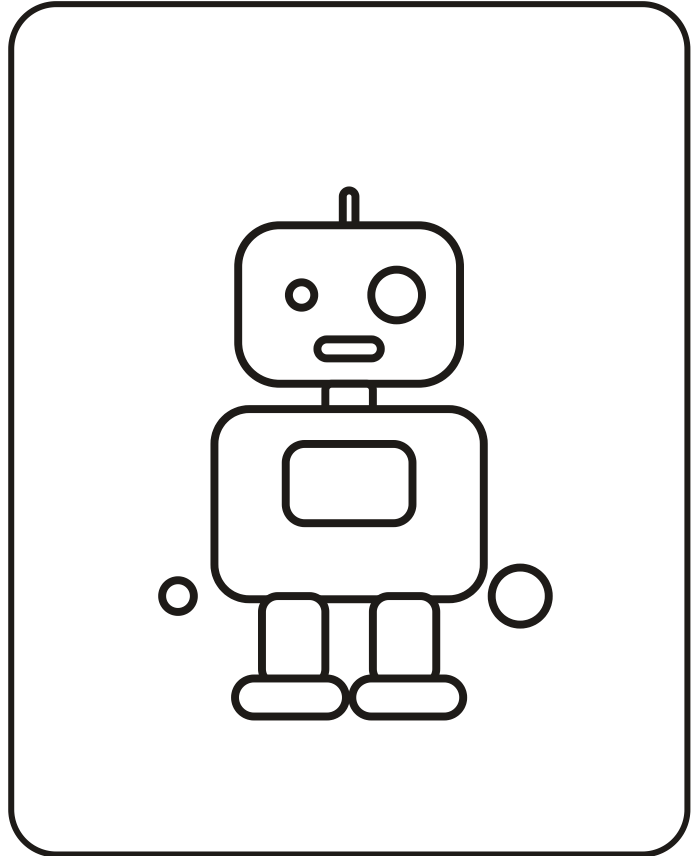

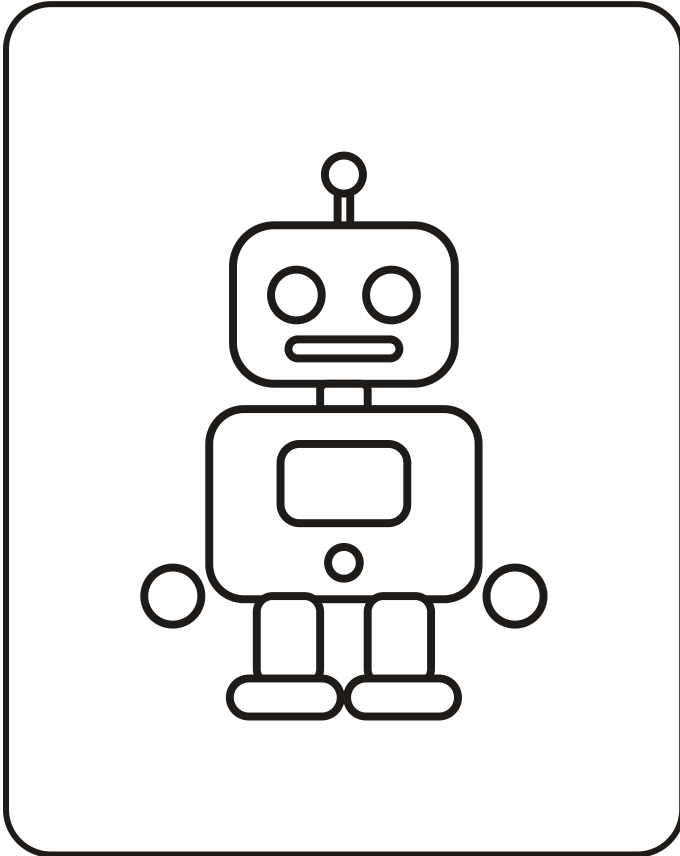

☒ T ☐ F

10 Companion robots can tell stories.

☒ T ☐ F

Spot the difference

These two robots look the same... almost! Find 5 differences and circle them.

I found: ☐ ☐ ☐ ☐ ☐

Bonus: design your own robot

What job would your robot do? Draw it on the back of this page and give it a name.

My robot's name: _____

Answers for grown-ups

Page quizzes

- 01 Humanoid Robot — A
- 02 Robot Dog — B
- 03 Delivery Robot — B
- 04 Drone — B
- 05 Robot Arm — A
- 06 Mars Rover — C
- 07 Underwater Robot — B
- 08 Robot Vacuum — C
- 09 Surgical Robot — B
- 10 Self-Driving Car — B
- 11 Companion Robot — A
- 12 Warehouse Robot — C

True or false

- 1. True
- 2. True
- 3. False
- 4. False
- 5. True
- 6. True
- 7. False
- 8. False
- 9. True
- 10. True

Match the job

- Humanoid Robot — C
- Robot Dog — H
- Delivery Robot — E
- Drone — J
- Robot Arm — A
- Mars Rover — G
- Underwater Robot — L
- Robot Vacuum — D
- Surgical Robot — K
- Self-Driving Car — B
- Companion Robot — I
- Warehouse Robot — F

Spot the difference

- 1. Antenna ball is missing
- 2. Left eye is smaller
- 3. Mouth is shorter
- 4. Chest button is missing
- 5. Left hand is smaller
